Aquarion Water Company To Improve Greenwich Water Mains

Greenwich water main cleaning to begin on Monday, May 6th

BRIDGEPORT, CONN. – May 1, 2013 – Aquarion Water Company today announced a water main cleaning program for Greenwich, from Monday, May 6, through Friday, June 28, so we can ensure that our customers continue to receive the highest quality water.

The water main cleaning will take place between 8:00 a.m. and 3:00 p.m. Below, we have provided general information concerning our crew locations each week. Detailed street information will be available at 1-800-203-7000 and www.aquarionwater.com.

Week of Area to be Cleaned

May 6	Cos Cob, Riverside, west of Lake Avenue
May 13	Riverside, Old Greenwich, southwest Greenwich
May 20	Riverside, Old Greenwich, southwest Greenwich
May 27	Riverside, Cos Cob, southwest Greenwich
June 3	East Greenwich, central Greenwich
June 10	West of Lake Avenue, southwest Greenwich
June 17	West of Lake Avenue, southwest Greenwich
June 24	High traffic areas (Evenings, 9:00 p.m. to 5:00 a.m.)

During the cleaning, customers may notice some discoloration in their water. This discoloration results from the temporary disturbance of the water flow, which stirs up naturally occurring minerals that settle in water mains. Aquarion recommends customers store water in their refrigerators for drinking and cooking. Customers should also refrain from washing laundry if water is discolored. Prior to resuming use, customers should run their cold water faucets until the water appears clear.

We appreciate our customers' understanding and patience. For questions, please call our Customer Service Department at 1-800-732-9678.

About Aquarion Water Company:

Aquarion Water Company is the public water supply company for more than 625,000 people in 47 cities and towns throughout Connecticut, as well as serving customers in Massachusetts and New Hampshire. It is the largest investor-owned water utility in New England and among the seven largest in the U.S. Based in Bridgeport, Conn., it has been in the public water supply business since 1857. Across its operations, Aquarion strives to act as a responsible steward of the environment and to assist the communities it serves in promoting sustainable practices.
