Aquarion Water Company of Massachusetts has partnered with the Great American Rain Barrel Company in Hyde Park, MA to offer rain barrels to residents of Hingham, Hull and Cohasset at a discount to help conserve water and save money

Each UV protected polyethylene rain barrel is manufactured in the USA from a recycled shipping drum that stands 39" tall by 24" wide and weighs 20 lbs. empty with a wall thickness of 3/16", resulting in a rigid, heavy duty rain barrel that will last virtually forever. The barrel comes complete with overflow fittings, drain plug, screw on cover, and a threaded spigot with a choice of two ports to use with either a watering can or a garden hose. The rain barrel arrives with simple instructions for fast and easy installation. The Aquarion Water Company is offering the Great American Rain Barrel in three colors; Forest Green, Earth Brown or Nantucket Gray at the low cost of \$69 versus the retail price of \$119. To take advantage of this community program discount please go to: <https://www.greatamericanrainbarrel.com:444/p-141-great-american-rain-barrel-aquarion-hingham-hull-cohasset.aspx>

or email info@tgarb.com call (800)251-2352. Deadline for ordering is Wednesday May 9th 5:00pm. Barrels will be available for pick up on Thursday May 17th between 4:00-6:00pm at the Aquarion Water Company at 900 Main Street Hingham, MA

Barrels will be on display at Aquarion Water Company Open House Saturday May 5th 10-1:00pm

Rain barrels reduce runoff. In watershed areas, runoff from homes and developments can harm existing water sources because overtaxed storm sewers discharge polluted runoff. Over time this takes a toll on the fragile aquatic ecosystem that the area is dependant on. Water shortage is also a growing global concern. In New England residential water usage can increase as much as 60% during the spring, summer and fall seasons from outdoor watering needs such as watering gardens, lawns, filling pools and, washing cars. Barrels can offset that usage; saving homeowner's money and helping the community manage water supplies.

The Great American Rain Barrel Company is a wholly owned subsidiary of a Mediterranean specialty food importing business. The barrels are recycled from 60 gallon shipping drums and distributed to homeowners nationwide.
